

Submitter: K Davis
On Behalf Of: Salem
Committee: Senate Committee On Labor and Business
Measure: HB3213

Please support H.B. 3213 and end the sale of cosmetics produced with cruel and unnecessary animal testing in Oregon. Oregon consumers want to know that they are making ethical choices when purchasing cosmetics, and H.B. 3213 would give them the assurance that the products they purchase in Oregon are cruelty-free.

Alternatives to animal testing already exist: Humane, safe cosmetics can be made using thousands of existing ingredients, and several non-animal methods are already available to test new ingredients. More than 30 countries and 10 states, including California and Nevada, have already banned the sale of cosmetics newly tested on animals. It is time for Oregon to be the next state.
