Committee: House Committee On Housing and Homelessness

Measure: HB3501

As an Oregon homeowner, I cannot begin to put into words how opposed to this I am. You continue to strip away rights from the people that provide a primary tax base for this state. Not only that, but you have a created a haven for other states to send their substance abusers as well as creating a dangerous, unwelcoming and dirty environment. You should be ashamed this is even on the agenda.
