Committee: House Committee On Housing and Homelessness

Measure: HB3501

I cannot believe that state representatives are even thinking this is a good idea. The homeless population has gotten so out of control in Oregon that traveling when I say I'm from Oregon the first thing they ask about is our homeless population. We need to quit supporting the homeless and start getting them the hell out of here. I'm sick and tired of seeing tents and trash everywhere and you want to give them the right to stay in a place. If these State representatives want them to have rights and privileges to stay where they desire let the first place they set up shop is in our state representative's neighborhoods.
