

Submitter: Jacqueline Glenn

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I was born in Portland & have lived in Portland almost my entire 57yrs and I am ecstatic to see this finally being addressed. Homeless people need to be compensated for the unjust destruction of the only property most even have left. The personal losses people experiencing homelessness endure is what causes the theft and leads to violent explosions and straight lack of caring for/about themselves or anybody else. I experienced homelessness about 25 years ago and it wasn't easy then. Now, the police and society destroy the little property homeless people still can call "their own" just because they have nowhere to live or any place to keep their belongings. The unjust destruction of motor homes and travel trailers with everything that person or family owned inside it is so unconstitutional it should be criminal. I feel the lack of places for older trailers, fifth wheels, motor homes, etc... needs to be better addressed as well.

HB3501 is a start in the right direction.
