

Submitter: CL Spruce

On Behalf Of:

Committee: Senate Committee On Rules

Measure: SJR33

I am a queer non-binary trans masc person who is in favor of this constitutional amendment on marriage equality. As the primary breadwinner for my family, I want to feel safe and seen in the state where I reside. This amendment allows LGBTQIA+ Oregonians to feel like they're welcome and affirmed in their home state and can build families with the people that they love.

Without passage, I fear that I could lose the security that my marriage provides to my family.

Please vote in favor of SJR 33.

Thank you.
