This is NOT a solution to an already nasty problem we have. As a TAX PAYING citizen of Oregon, I absolutely despise that nobody “we” have elected, is doing anything. What are we paying for? Where are the hundreds of thousands of MY HARD EARNED MONEYS going??? Certainly not into fixing the problems we’re being faced with. The tagging is out of control, needles are everywhere, and nobody wants to spend money in a town that’s literally being pooped on daily. This is so unsafe for our kiddos, and disabled (but not homeless) people. Oregon is a joke and so are our elected officials. Quit putting bandaids on wounds that need stitches.. not to mention our failing school system. If I didn’t do my job (yes, looking at YOU elected officials), people would literally die. Not that this testimony will change anyone’s mind, but I won’t put any more money into this state if things don’t start changing. Sad because it’s got great potential.
