

Submitter: JONATHAN BARBUS

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

HB3501 bill does nothing to support or solve the issues those who are homeless experience and shifts the services burden to the entire community. Similar bills in other states have increased the stickiness of street living, and the related negative impacts to the surrounding communities that are affected. Bills like this drive communities into a downward spiral that only those with the means can escape.
