Committee: House Committee On Housing and Homelessness

Measure: HB3501

I volunteer with Public Land Stewards to clean up trash on public lands. I can't support this bill, as it does not have any provision for trash pickup. There are not trash services on public land, and therefore no way to keep them hygienic when people use them in a resting capacity. I think we should enforce no camping zones on public land where there are not resources to keep the area clean.
