I'm adamantly opposed to this. You're crushing the tax paying, law abiding citizens and turning Oregon into an absolute shithole by allowing this.

The homeless sb separated into:

1. Veterans --- take care of them as well as we possibly can through all available agencies.
2. Mentally Ill- We need to go back to providing government funded housing and treatment for the committed mentally ill
3. Drug Addicts- Prosecution would be a great place to start. There are no deterrents and nothing but enabling now.
4. Those who truly are making every effort possible to get back on their feet should receive help through agencies funded by grants and donations from those who CHOOSE to help, not by default through tax payers. I should be able to choose who I support with my money.
5. Those who are just living off the system. Stop it. There are jobs EVERYWHERE! We are creating homeless by giving them more than everything they need to NOT work.

Oregon is becoming the state to LEAVE for those of us who pay taxes and obey the law. You'll have no base left before long from which to suck the money you're feeling free to give away. It has to stop. You're creating and enabling trash dumps that others have to clean up, you're ruining parks and public lands our taxes pay for that are supposed to be for EVERYONE to enjoy. You're favoring the homeless and relegating the tax-paying law abiding citizens to having NO VOICE and NO VOTE.
