Measure: HB3501

The full scope of this Bill has not been vetted. While I understand the desire to afford privacy rights to all Oregonians, this Bill would allow people to camp in inappropriate places without consequence. The stipulations need to be more detailed as businesses are already suffering due to this problem. I have seen school children waiting to cross the street and have to step over someone passed out on the sidewalk. Please do not pass this Bill. Allow time for the already approved funds to disperse and make adjustments based on the outcome of that project.
