

Submitter: Christine Kim

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This will become an issue for the safety of the tax paying public members. We have a right to use public property without being threatened or harassed by homeless. It is also a matter of drug paraphernalia laying around where my child can stumble upon it. Public urination and feces is also a concern. Portland already smells like urine all the time now. Please think about the people who pay so much money in taxes and can barely live in this city and not make it so hard on businesses who are already struggling.
