Senate Committee. On Rules
SJR 33
04-25-2023

I attended the Hearing yesterday 04-25-2023 and I realized this bill SJR 33. Is not about equality, equity, or anything else. It is designed to silence the voice of Oregonians who oppose all that SJR 33 purposes to change in the Oregon Constitution.

Oregonians and anyone else who comes to Oregon for the purpose of obtaining an abortion can, at the expense of the Oregon taxpayer.

Same sex marriage is already legal in Oregon. Trans, and Bi-sexual individuals already live under the same protections all Oregonians live under.

So make no error in your understanding, SJR 33 IS designed to silence the voice of Oregonians and the debate in all our lives.

I will add here, if this were to ever become a piece of Oregon's Constitution, every want of those who already support SJR 33 being implemented, will carry their agenda on and on under the cover of this misguided and manipulative bill.

This is a most egregious over reach.

Do not pass this bill.
