

Submitter: Amy Fleck-Rosete

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Our neighborhood is confronted with mental illness and drug addiction with our houseless community on a daily basis. If you truly want to have a meaningful impact on supporting the houseless community, you need to be focusing your time investing in housing and support service solutions instead of implementing policy that will exacerbate a dangerous livability issue for both the housed and houseless.
