

Submitter: Jeremy Busch

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I honestly can't fathom how this would be a move in the right direction. The ones camping in the open on public land, downtown, in forest Park are not going to "get better" because of this. This ties the hands of the people trying to clean up the disaster areas near schools, parks and green spaces.

I work on 3rd and Alder downtown, right next to where that fentanyl market was, it was horrible, the conditions of the people and the property, and you want to give them the legal right to do that everywhere in Oregon? Hell no. I usually am on board with helping the unfortunate but your names will never get my vote after this proposal.
