On Behalf Of:

Committee: Senate Committee On Rules

Measure: SJR33

This should have been codified a long time ago. In light of recent efforts to roll back the rights of our LGBTQ+ neighbors and friends in other states, it has never been more vital to enshrine the right to marriage for all, regardless of orientation or gender, in our state constitution. We must protect the people of our state from federal overreach. -Julian Varah-Sikes, 7480 SW Varns St, Tigard, OR 97223
