

Submitter: Brenda Ku

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

In Oregon we already have a significant homeless problem where damage is being done to businesses, parks, schools, and homes by the disregard of property by homeless communities and people living in parked vehicles and even boats in our waterways. There are no resources to collect trash from these individuals, there is no place for them to shower or defecate so they do it on lawns, in doorways of businesses and dump sewage into the rivers. This bill disregards the rights that tax payers have to safe and clean communities. Take care of your tax paying citizens and help clean up the streets of homelessness rather than to increase it. This is the WORST thing that Oregon can do for its citizens.
