

Submitter: Brice Suprenant

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB2098

Dear Co-Chairs McLain and Frederick, Co-Vice-Chairs Boshart Davis and Boquist, and committee members,

My name is Brice Suprenant, I live in Portland and I am a health care employee and work in the city.

I support building the bridge, oppose the -2 amendment HB 2098, and you would support a future amendment (like the -3) that is aligned with a right-sized bridge, right now.

No Freeway Expansions: Direct IBR to explore smaller bridge design options and choose a plan that is less polluting and more financially responsible. The -3 amendment from Representative Pham's office helps address all of these concerns, and I urge the committee to consider it as soon as possible.

Thank you Co-Chairs McLain and Frederick, Co-Vice-Chairs Boshart Davis and Boquist, and committee members, for your time/consideration/work on this measure.
