Committee: Senate Committee On Rules

Measure: SJR33

My name is Megan Crowell, and I am writing to express support for Senate Joint Resolution 33. SJR 33 secures the fundamental rights that we all hold, the right to personal medical decisions, the right to love who we want, and the right to exist how we want. This amendment will make it clear in the Oregon constitution that each of us has the rights and freedoms to make our own deeply personal decisions about abortion and reproductive health care, gender identity and related health care, and marriage, free from political interference and discriminatory actions by the government. As a LGBTQI cis-gender mother with a child that identifies as queer and non-binary, I urge you to pass SJR 33, so my families most basic health needs are met.
