Committee: House Committee On Housing and Homelessness

Measure: HB3501

As a homeowner and member of the working community in Portland, I strongly oppose this bill. We have nearly lost our city to the rampant drug and homeless problem. We pay record taxes and our local government has a record-high budget, yet we cannot walk our streets safely, take our children to the park, or frequent local businesses without the risk of being assaulted, or worse. Portland residents are reaching their limit. I oppose this bill.
