Measure: HB3501

I have been working with homeless folks the past 5 years and am deeply disturbed that someone would think this was the best avenue to solve the problems of folks on the street suffering from various issues. It is a terrible bill. Yes, we need to do a better job of helping those living on the streets and stop the disastrous sweeps, but this is not it. Provide a humane, hygienic place along with needed amenities, but do not promote "anything goes." Please vote against this bill.
