Committee: House Committee On Housing and Homelessness

Measure: HB3501

I oppose HB3501. I believe it will make the homeless crisis worse than it is. My observations is that these people are homeless by choice. The crime is also associated to the homeless as well. I see open drug dealing every day at the Peninsula Crossing Trail where pedestrians and schoolchildren frequently walk by during the day. The homeless need to be segregated from the general public in an enclosed area with armed security. Reason for armed security is that drug dealers are armed. Please consider visiting these homeless encampments so you can see for yourself what the real dynamic is in play. Thank you for your time and please vote no on HB 3501
