

Submitter: Tammy Jones

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This in no way addresses the problem of homelessness. This will create more unsanitary conditions for the public, if that's even possible at this point. Tents are already all over public lands as well as blocking sidewalks, which creates a safety hazard for pedestrians who then have to enter the roadway to walk also causing potential for more accidents by vehicles who are blindsided when a pedestrian enters the roadway.
