

I am here testifying because years ago I was convicted as I read these words: "Speak up for those who cannot speak for themselves; ensure justice for those being crushed. Yes, speak up for the poor and helpless, and see that they get justice." Proverbs 31:8-9.

It has come to my attention that SJR 33 would include abortion, for any reason, up to the moment of birth, in our State Constitution. This is evil and this is wrong.

I must act on this conviction and be a voice for the unborn babies and a defender of their lives. These people need protection and justice and depend on us to see the value in their lives. I cannot allow this evil to become a part of our Constitution without a fight.

Please listen to my voice and may it carry the voices of many children crying out from the womb. As a State, are we for or against the right of children to live?
