## Who We Are

Building Blocks 2 Success (BB2S) has been operating since 2008 on the principles of empowerment using STEM as the incentive for learning. BB2S serves youth identified as at-risk, lower economic status, and has priority focus on youth of color. BB2S aims to get youth excited about STEM through creative, fun, team-building, and educational STEM related activities.

Our curriculum is hands on and it teaches a fundamental set of skills that promote life-long learning. BB2S serves 350+ youth annually ages 4-18 in a classroom type setting on a college campus. ***“By being on a college campus we set the expectation that college is a reality.”*** Using a series of STEM challenges that are both fun and educational, we build our students confidence that they can do anything they put their minds to.

## Our Program

- LEGO Robotics (FLL Challenge & Explore)
- STEM Related Trainings and Workshops
- Financial Literacy Workshops
- Participation in Robotics Tournaments
- Teaching Basic Core Concepts and Programming
- Construction & Design
- Educational Field Trips
- Youth Student Mentoring
- College Scholarships
- STEM Technology Panels, Presentations, and Guest Speakers
- Medical/Healthcare Pathways
- Video Gaming

## Program Outcomes

- ⇒ Positive & prosocial outlets to deter youth from negative influences
- ⇒ Increased desire for learning
- ⇒ Build a foundational trajectory for future STEM related careers
- ⇒ Access to STEM programming for gender

## Our Philosophy

Through exposure to STEM activities our youth develop a stronger foundation that extends beyond the scope of their academic periphery. We Promote:

- Critical Thinking
- Public Speaking
- Team Building
- Technological Skill Building
- Analytical Thinking
- Self Esteem and Self Confidence

## Philanthropic Support

We welcome a variety of ways to support:

- ◆ Volunteerism
- ◆ Equipment
- ◆ Food/Snacks/Beverages
- ◆ Company Visitation Opportunities
- ◆ Fundraising Support
- ◆ Monetary Donations
- ◆ Student Scholarships
- ◆ Facilities
