Committee: House Committee On Housing and Homelessness

Measure: HB3501

Our son and his wife live in Portland and have small businesses. They are plagued by homeless people at their business locations as well as their residence. They have had vandalism, thefts, drug users perched in front of their business. The Right to Rest title of this bill is a joke. As tax paying residents they are currently can't rest in their own home. A pair of rvs have parked down the street complete with a generator and a live band with amps and electric guitars playing all night long. Right to Rest?!?!?
