

Submitter: Bob Grover

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I this is an ordinance that enables homeless people, and I vehemently oppose it. The best way to help homeless is to get them off the streets, not support their living in tents. We are taxing heavily and doing nothing to help solve the homeless problem. Build more shelters, get them off the streets require they access services. Do not enable encourage and empower them to stay on the streets.
