

Submitter: Sam Lannan

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Government:

Do I as a tax paying citizen will I have, if this bill passes, the right to set up camp on my neighbors property, parks, hospital grounds, public parking lots, community college green spaces, religious property, fire station property, under bridges, ODOT property or at your house? Do I have to be homeless to get these benefits? And on top of total trespassing violations you're now wanting to give the people who refuse to work \$1000 to sue - we do not have enough public defenders as is.

Instead of endorsing those who refuse help or housing and won't get off our streets etc and keep stealing, breaking into cars, retail stores, houses and taking tons of drugs - you want my hard earned tax dollars to further this outlandish hand out. Even criminals know and admit that the more you give them, the more they'll take.

This bill isn't measurable, has no quantifiable goals and defined results and is a rape of hard working citizens. I and my friends will do all we possibly can to ensure this does not pass and the legislatures who created the bill and it's sponsors fail Re-election. Yet one more example of lack of compassion for those who have the homeless destroy our property etc.
