

Submitter: Sardar Khalsa
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: HB3443

This is an insane bill that will further ruin our cities and state. Oregon is a laughing stock in America. This bill sounds like an intentional act to run people and business out of Portland and Oregon. This bill will do nothing but enhance an already horrible situation. The people of Oregon are at a boiling point with your lack of real leadership. Throw this bill in the waste paper basket.
