Committee: House Committee On Housing and Homelessness

Measure: HB3501

Hi,

I have been a Portland (Washington county) resident since 2003 and I would like to oppose this House Bill 3501. Oregon already has a homeless crisis, instead of dealing with that allowing people to live and camp in public areas will only lead to further homelessness. I would suggest the legislature to first target tackling homelessness rather than making it easy for people to become homeless.

Thanks
