

Submitter: Anna Cowen

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB2098

HB 2098 -2 ignores our main priorities for the I-5 bridge replacement. It spends way beyond our means by robbing the general fund, ignores our climate goals, and has big corporate contractor giveaways too.

Let us be clear: We want a right-sized I-5 bridge – that's replaced right now – and we won't be silent or sit on the sidelines.
