Measure: HB3501

Representative Chaichi,

As a citizen living in your district, I just have to ask, how many normal, everyday people have to get attacked/vandalized by the houseless before we stop excusing their behavior and enabling it further? It's clear the more slack we give them the worse the problems get all over.

I'm all for finding effective solutions, but if this bill passes, it's only going to make things worse, (just you wait and see the results in our region) for citizens that just want to lead ordinary lives. If this passes, I'm to perpetually tell everyone I personally know to vote you out. We've already started spreading the word otherwise as well. Best of luck to you and I wish you a good day.

Best,

Caleb Kaiser, (a concerned member of your community)
