

Submitter: Peter Andrews
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB2098

To whom it concerns:

I strongly support the new I5 Bridge and believe as a community that we cannot miss this opportunity with significant funds available and a real partnership between Washington State, the Federal Government and Oregon. As a State we are a major manufacturer and the 107 year old bridge is dangerously too old. The infrastructure needs to be updated for resiliency and the long-term growth of our greater Cascadia Region. Please do not miss the opportunity to act and support our growing region. We cannot afford to wait for another cycle of funding and planning.

Sincerely,
Peter C. Andrews
