Measure: HB2098

I support replacing this bridge, but oppose HB 2098 -2, because this legislation as it is currently written jeopardizes a right-sized Bridge Replacement, right now.

I support the -3 Amendment (and the policy recommendations offered by the Just Crossing Alliance) that would ensure this replacement bridge project moves forward smoothly and with a right-sized design, explicit pro-labor provisions, financial guardrails, and major investments in mass transit. Anything less is unacceptable
