Committee: House Committee On Housing and Homelessness

Measure: HB3501

I am sick of going to work in the morning and finding them sleeping up in the entrance of my doorway. They urinate and defecate right on my steps, on the exterior walls of my building. They leave all kinds of free food they were given and didn't eat all over my entrance. They walk on it and smear it. They have all kinds of cigarette butts, needles, drips of blood of over my entrance and sidewalk. They act crazy and threaten harm and curse. They have started fires against the building. This is downtown main stream Medford. I am sick of all the fires they start. There is housing for them, but they can't use drugs and follow the rules. I have lived here 60+ years and I no longer feel safe.
