Committee: House Committee On Housing and Homelessness

Measure: HB3501

I strongly believe that this bill would violate the rights of my family, my neighbors, and all residents of Oregon. The ever increasing homelessness problem in the Rogue Valley has made it impossible for my children to enjoy or feel safe in parks, libraries, and all public spaces. Passing this bill would be completely irresponsible and detrimental to personal safety of all residents, as well as devastate area businesses by propagating a problem that, already creates unsanitary conditions, public drug use and scattered drug paraphernalia, public indecency, and a serious degradation natural spaces. All of these issues have been personally witnessed by my children and myself.
