Measure: HB3501

We want our beautiful, green, clean, healthy area back. The local parks, the greenway and areas along the freeway are now taken over by homeless camps/tents/tarps and so much absolute garbage. It's disgusting to allow this. It's not safe, not rehabilitative, and it's filthy in many areas. Allowing this behavior doesn't solve the problem, it creates more. Tolerance and compassion don't allow for bad behavior. It isn't showing 'love' or care when it's destructive and unsafe for those living it and those living around it. Please, let's have some common sense here. Just say 'no more', mean it, take action to remove the camps, tents, garbage, and keep repeating it. Oh, and no more bussing transient people to southern Oregon please.
