Measure: HB3501

I completely oppose this stupid bill. Do any of you in favor have the least bit of common sense. First you decriminalize drugs luring druggies from all over the United States to Oregon. Now you are trying to completely enable them. Statistics clearly show 3 out of 4 homeless have substance abuse and mental issues. Statistics show most of "our" homeless have recently moved here. Haven't you done enough damage to our late great state of Oregon? People are tired of this nonsense and bullshit.
