This seems like a joke. I can see it now.....Drake Park in beautiful downtown Bend would be over run with tents and drugs and human feces everywhere. All of the beautiful houses along the river would be graffiti covered and boarded up. Great! Property values and tax revenues would drop everywhere! Have you seen how beautiful Portland has become since they've let the homeless rule the streets? It's gorgeous! I'm sure tourism is up. I'm sure the property values in the Pearl District keep climbing, I don't quite understand why so many businesses have moved out of downtown though.....can't be the homeless crisis. This bill is stupid on so many levels. The homeless crisis needs to be addressed, but giving them free rein to set up house in any public spot makes that public spot unsafe, unattractive, and no longer truly public. Please stop this insanity.
