Committee: House Committee On Housing and Homelessness

Measure: HB3501

I am appalled this is even being considered, it's almost laughable. Though, this bill will never pass it just confirms that some of our state representatives have very little common sense. 1st legalize drugs, now you want these people to "rest" in public spaces? Stop calling these people "homeless" and call it what it is "addicts that live off of the state" Most of these "homeless" do not want help, they do not want to get better, they do not want jobs, they do not want to pay taxes. Stop protecting those who do not want the help and focus on protecting your citizens and business. I am fully aware some become homeless at no fault of their own but you are not talking about those people, your talking about the homeless drug addicts who DO NOT WANT HELP TO GET BETTER BUT ONLY HANDOUTS TO CONTINUE THE ADDICTION.
