

Submitter: Gabriel Rada

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This is terrible policy that will make our communities less safe. This does not solve the root cause of homelessness nor does it provide the support that they truly need. Better policy would be to provide designated spots for homeless to rest that provide care, support and security that they desperately need. Not allow for them to use any public spaces to rest. Please oppose this bill.
