On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This bill HB 3501 takes away the rights of tax payers. Instead of throwing money and these kind on nonsensical bills, it is time to bring accountability to the homeless situation and moving the homeless toward success. There are several programs around the country that could be used as programs that can be adopted. Time to move people into treatment, job training etc. those who refuse to receive help should not be allowed to continue in the system. Oregon has become the state to move to from other states, why do you suppose that is?
