Committee: House Committee On Housing and Homelessness

Measure: HB3501

Passage of this bill will only exacerbate the problem and deprive homeowner's of their property rights and ability to be free of harassment. It is an overreach of government. Our republic is based on property rights that are guaranteed for taxpaying citizens. Homelessness is not caused solely by economic or political conditions but by psychological orientation promulgated in schools and by those who promote a socialist welfare state. These should be the focus of ameliorative solutions to the homeless crisis in our state.
