Measure: HB3501

You can't be serious with this can you? Wait, of course you can. Because most of you don't have a clue what you're doing. How do you think this will turn out exactly? Because we already know that not enforcing laws and getting rid of common sense laws hasn't worked. It's only made the situation worse. And then you want to do this!?!?!? What in the actual is wrong with you????? I have to believe, and so do my friends, that at this point you all really just want the City of Portland (and eventually the State) taken over by the insane asylum and drive everyone else out. There is quite literally no logical explanation beyond that. Businesses are leaving, people are leaving and I'm leaving in a couple of years. I moved here 20+ years ago and LOVED this State. Now it's an international embarrassment thanks to all of you. I know this won't change your minds. Nothing will. You simply don't care about tax paying citizens, families, communities or business. You don't and don't try to say otherwise. Your actions preclude that. Thanks for destroying an entire State. Of course you'll all be fine with your benefits and pensions while everyone else suffers.
