

Submitter: Tammy Anderson

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I feel that this bill is a bad idea. It doesn't address the underlying causes of homelessness. This bill will allow people to gather in Public areas where others work, play and recreate.(more than they already do.) People, especially with mental illness or drug induced mental illness may make things uncomfortable for others with yelling or threats. There may be more needles, urine and feces around, which is a serious health hazard. (Have you seen Skid Row down in Los Angeles?) People have children, and elderly people like my mother like to go to the library or Greenway without worrying about life, and health.

I ask you to please reconsider passing this bill.

Sincerely yours,

Ms. Tammy J.Anderson
