Committee: House Committee On Housing and Homelessness

Measure: HB3501

Please vote no on house bill 5301. This isn't about housing rights, it about the abuse of public spaces for the public due to mental illness and addictions. The public doesn't have the right to set up camp in any public property. Zoning and planning are key and this is just opening up to expanding the policies that have called Portland to the rest of the state.
