Committee: House Committee On Housing and Homelessness

Measure: HB3501

I'm against more homeless camps. The more services we provide, the more homeless are coming to our state, increasing theft, addiction, illegal camping and destroying our public and private lands with garbage.

I am against any additional support for the homeless. They should use the sources we already have available. Please don't encourage more to come to our state. I want the lands to be beautiful, less crime and illegal camping for my children and grandchildren to enjoy in the future.
