Measure: HB3501

This bill is a very bad idea. It encourages red states to export the problem to Oregon. Homelessness has to be eliminated, not managed. Family homelessness should be fixed by finding homes for those folks. Mental health cases need to be moved into hospitals and druggies need to be moved into rehab centers created for them and then helped with jobs. We should be turning away homeless people who are being sent here from red states. Just start exporting them back instead of welcoming them. Be smart , not bureaucratic.

Thanks
