

Submitter: Rick Riker

On Behalf Of: City Councilor representing my constituents

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Further rights to the homeless will destroy our city. Currently the homeless have overnight rights to every city park except one, and they have caused local families afraid of going to their parks due to needles, feces, and intimidation. Further rights to their situation does not bring the homeless help but the opposite. Any action should be a community effort in a positive vain and not build additional walls between the average citizen and the homeless individual. More rights to the homeless will destroy our communities.
