On Behalf Of: My family

Committee: House Committee On Housing and Homelessness

Measure: HB3501

How does allowing homeless living on public land to sue for \$1,000 help the homeless person? How will this make their life better? How much is already being spent on the homeless situation in Oregon? How much more of my tax dollars will be thrown away on this issue? How does this bill make any sense? What is the real purpose of this bill? I oppose this bill as I see it further complicating the growing issue that has millions spent already with no visible solutions.
