

Submitter: Jean Kennedy

On Behalf Of: Myself and neighbors

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Please do not pass this measure. I live in a rural area and the camping is already out of hand. It isn't safe to hunt mushrooms or anything else in the woods where I live. I am compassionate towards the unhoused. This is a National problem that needs addressed. This is not the way to fix it. Our Law enforcement is already stretched so thin here. This will draw more people to Oregon from out of state and further tax our system. Already so many have come here because of our lenient policies on drugs.
